RE: Funding – Water Quality Monitoring Fire Training Academy

---

We have reviewed the most recent funding request made by Tom Cambareri to continue the water quality monitoring at the Barnstable County Fire Academy. In the short term, Mr. Cambareri indicated that he would need between \$15,000 and \$20,000 to continue the work.

I would ask that the County Commissioners authorize the use of \$26,000 in the FY15 Commissioners budget designated for Professional and Technical Services.
