Re: Nomination of APCC Executive Director Andrew Gottlieb to Coastal Resources Committee

Dear Mr. Cakounes and County Commissioners;

On behalf of the Association to Preserve Cape Cod (APCC), it is my pleasure to nominate Andrew Gottlieb to be appointed to the Barnstable County Coastal Resources Committee (CRC) as an ad hoc member. Mr. Gottlieb is APCC’s new Executive Director and would replace Edward DeWitt on the CRC. Mr. DeWitt retired in spring 2016.

The CRC’s charge is attached. The CRC is the County’s advisory committee on coastal issues and also serves as the local governance committee for the Cape Cod region of the Massachusetts Bays National Estuary Program (MassBays) (http://www.mass.gov/eea/agencies/mass-bays-program/).

APCC is a 501(c)3 environmental organization founded in 1968 to promote policies and programs that foster preservation of Cape Cod’s natural resources. APCC is the Cape’s largest non-profit environmental organization with members representing all 15 towns on the Cape. Our goals include protection of groundwater, surface water, and wetland resources; preservation of open space; promotion of responsible, planned growth; and the achievement of an environmental ethic. To achieve these goals, we provide technical assistance, outreach, advocacy, science-based policies and facilitation (http://www.apcc.org). APCC is also the Regional Service Provider for the Cape Cod region of MassBays (http://www.mass.gov/eea/agencies/mass-bays-program/regions/cape-cod.html).

Thank you for your consideration. We greatly look forward to Mr. Gottlieb’s appointment to the CRC. If you have any questions, please feel free to contact me at (508) 619-3185.

Respectfully,

Jo Ann Muramoto, Ph.D.  
MassBays Regional Coordinator, Cape Cod region

RE: Approval of Pre-Qualified Vendors

In January, the Purchasing Division worked with the AG’s Office and the Towns to issue a Request for Qualifications (RFQ) for Tradespersons for municipalities to use fourteen different categories of work was approved. The Request for qualifications allowed for a re-opening of the request for qualifications in six months. The RFQ was reopened in August and we received qualifications from ten (10) additional vendors.

Attached is a list of vendors that have responded with all the necessary information and whose references have been satisfactory. Please approve the list of pre-qualified bidders as attached.

Thank you.

RE: Approval of Pre-Qualified Vendors

Recent changes to MA General Law through the Municipal Modernization Act allow for an awarding authority to procure a list of vendors for defined categories of trades work for individual projects that are estimated to cost between $10,000 and $50,000. Once a list of vendors has been pre-qualified, municipalities may use it to solicit three quotes for each project engagement and award a contract to the responsive, responsible bidder offering the lowest price.

The Purchasing Division worked with the towns and the Attorney General’s Office to develop specifications that comply with the newly enacted law. We requested qualifications from vendors for a list of different trades. Each vendor was required to submit qualifications and a list of references, as well as agree to comply with the requirements of Massachusetts Construction laws.

We were able to develop a list of sixty vendors in fourteen different categories of work. Once approved, the list will be distributed to towns and other political subdivisions who will then utilize it by following the quote process. The towns will enter into their own contracts with vendors for their individual projects. The benefit of using this list is that it allows municipalities to forego lengthy advertising requirements for small scale projects.

Attached is the list of vendors that have responded with all of the necessary information and whose references have been satisfactory. Please approve the list of pre-qualified bidders as attached.

Thank you.

In addition, Contractor shall maintain such insurance as will fully protect Contractor and MassHousing from any and all claims under any workers' compensation

Contractor further agrees to maintain such automobile liability insurance as will fully protect Contractor and MassHousing for bodily injury and property damage claims arising out of the ownership, maintenance, or use of owned, hired, or non-owned vehicles used by Contractor or its employees or subcontractors, while providing services in connection with the Program.

These Terms and Conditions, as well as the award letter to which they are attached, constitutes the entire contract between the parties relating to the subject matter hereof, and all prior negotiations, representations, contracts, and understandings are superseded hereby. 1. PROJECT SUMMARY

For the proposed project, MassHousing grant funds will be used to support 1:1 direct services for at least 30 individuals who have either completed at least 6 session of the *Buried in Treasures self-help workshop*, or other hoarding/cluttering support services, or who are currently working with an enforcement or other agency and is unable to afford such services. The 1:1 services will include an evaluation of the conditions in the individual’s home, an assessment of goals for the individual and then a discussion of a proposed plan of action. The goal of the 1:1 services is to support the efforts of the individual and to assist the individual in developing a strategy that can be followed as they move forward in their effort to lead a less cluttered life.

The first *Buried in Treasures* (BIT) group on Cape Cod was held in the town of Dennis in 2013 and since that time it has been expanded with the help of the Cape Cod Hoarding Task Force (CCHTF) and funding from such sources as MassHousing. This fall, there will be 4 such groups on Cape Cod, in the towns of Provincetown, Harwich, Falmouth and, for the first time, Mashpee. Facilitators from past groups have often commented that one of the hardest things for the participant, is going home and trying to figure out where they should start. Our proposal would assist those individuals, as well as others, who have insight and are ready for change, to assess their personal situation, help develop a strategy to apply the principles learned in BIT or from other qualified agencies or sources, and reduce the barrier created by disposal fees.
2. APPLICANT QUALIFICATIONS AND PROJECT MANAGEMENT

MISSION

The Cape Cod Hoarding Task Force’s mission is to raise awareness of compulsive hoarding and to provide education and support for those affected by hoarding through accessible tools, referrals and resources. The Cape Cod Hoarding Task Force (CCHTF) seeks to develop a coordinated response among community agencies to the problem of hoarding in a sensitive and responsible fashion.

BACKGROUND

The Cape Cod Hoarding Task Force (CCHTF) began in 2010, and since that time, it has become one of the most viable and visible collaborations in this region. The task force includes a wide range of concerned individuals who represent multiple community groups and agencies. Among these are: home organizers, senior move managers, health agents, housing authority service coordinators, animal control officers, elder protective services investigators, social service professionals, police and fire.

In November of 2016, the CCHTF was approved by Barnstable County Commissioners to become a Barnstable County program under the umbrella of the Department of Health and Environment. While the County does not provide direct financial support, this move created a cooperative arrangement between the two entities that allows the County to act as the fiduciary agent for the CCHTF, and creates a stronger foundation for the task force to leverage funding and provide more educational programs, community outreach, and support services.
CAPACITY

The Task Force Executive Committee is comprised of nine dedicated members who have conducted trainings, workshops, facilitated presentations for local organizations, participated in radio programs on the topic of hoarding and who provide consultation services to individuals and organizations struggling to develop an effective response to individual situations.

Since the first CCHTF sponsored event in 2012, the task force has reached out to over 700 community members at open events, and sponsored or conducted training for over 400 professionals from Cape Cod and the South Shore. Members of the task force’s Executive Committee have also been invited to speak at events such as multiple police Community Intervention Trainings, Barnstable County Fire Training Academy classes and presentations to councils on aging and the local Health Agent’s Coalition.

The CCHTF holds meetings every other month that are publicized and open to professionals who have or may encounter or assist individuals who are struggling with hoarding/ cluttering. Meetings consist of introductions and announcements followed by a main educational or informational presentation. Past presentations have included topics such as indoor air quality, animal hoarding, and personal protective equipment from organizations/ individuals such as the International Fund for Animal Welfare, the Dennis animal control officer, Nauset Environmental and Senior Environmental Specialists from the Barnstable County Department of Health and Environment.

Using technology and social media, the CCHTF created an outreach strategy that includes its website, www.hoardingcapecod.org, and Facebook social media page. Based on the number of “hits” the sites receive, there is evidence that these points of entry provide access to online
information and local contacts that have helped people living on Cape Cod find resources they
need and may not have otherwise been able to access. Due to its broad outreach, and digital
media, the CCHTF also receives many calls and emails from individuals located in other areas of
the state or country, looking for information and resources.

Fiscal management: Funds will be managed by Barnstable County Resource Development
Officer, Bobbi Moritz, in coordination with the Barnstable County Finance Department.

3. TASK FORCE PARTNERS

This proposal does not require any direct partnerships, however, as always, the
CCHTF will work with its multi-disciplinary membership to provide direct services and to
identify individuals in need of assistance.

4. DETAILED PROJECT DESCRIPTION

PROJECT OVERVIEW and ACTIVITIES: PROGRAMMATIC DESIGN

The CCHTF proposal to MassHousing is based on experiences gleaned from a
previous CHNA 27 grant project that ended in April 2016 as well as a FY 17 MassHousing
grant. Both programs provided 1:1 direct services to individuals from Buried in
Treasures groups around Cape Cod. The current proposal would expand on that
program to include other individuals that may not be able to attend one of the local BIT groups but who are already working with an agency or organization to declutter their home. The 1:1 services are often what is missing from the equation when local agencies are working with individuals who have a readiness to change, but who are struggling to find a good path forward.

The anticipated target is 6 clients per BIT group and 6 clients who are already working with a local agency or organization, although the number served may be adjusted based on participation. The goal is to provide 30 clients with a minimum of 2.5 hours of individualized assistance, and to provide individuals in need with much needed funding for materials removal.

In each case, the service provider will continue to collect data by filling out an Activities of daily living assessment for each client. This will provide a better understanding of the situations and limitations that individuals face in these situations. Data collected from this and previous projects will be used to demonstrate what is needed to address this multi-faceted issue, through the creation of future, sustainable County programs.

TO: County Commissioners
FROM: Elaine Davis, Chief Procurement Officer
RE: Contract Amendment

In November 2016, the County issued a Request for Proposals for a qualified contractor to provide services for Continuum of Care Planning. The contract was awarded to Lee Hamilton at $53.19 per hour for 479 hours per year. The term of the contract was for one year of execution of the contract with the option to renew for two additional one-year periods. As an employee will be hired starting October 2nd to fulfill the tasks required in the RFP, the contract with Lee Hamilton will not be renewed in January.

In the meantime, Beth Albert, Department of Human Services Department Manager is requesting an amendment to the contract of 100 hours, so that Lee Hamilton can train and acquaint the new staff person with the work. Chapter 30B, Section 13 allows a contract to be increased by 25%, if the original cost remains the same (see attached Chapter 30B, Section 13).

Please approve an amendment to the contract to increase the number of hours by 72 at the original hourly rate of $53.19. The total amendment would be for $3,829.68. These funds are coming from the HUD CoC Planning Grant.

Thank you.

County Commissioners:

Hi Rosemary,

Please find Formal Amendment request in the thread below.

This original budget is based on the budget submitted as part of their initial contract. The changes are big, because essentially their entire staffing model changes 9 months in. When we made these changes last year we requested that they be carried forward (Annualized), but they were not.

If you have any suggestions for doing this more effectively this year it would be appreciated, that way we can avoid having another formal amendment again at the start of the next fiscal year.

Regards,
Fernando

Contracting Agency Name: Bureau of Substance Abuse Services Contracting Provider Name: County of Barnstable
Contract Maximum Obligation: $100,000.00
Current Capacity Limit: New Capacity Limit:
Reason: The FY18 budget was pre-populated with incorrect amounts based on Year 1 of this grant. If possible please make this the new Annualized budget for FY19 and FY20 as well to prevent future need for formal amendments at the start of each fiscal year.

Increases:
Lines 135, 150, 151 - Due to change of staffing model from a consultant to local hired and paid staff.
Line 204 - initial submitted annualized budget did not provide for staff training because those costs were encumbered in the consultant expenses Line 205 - initial submitted annualized budget did not provide for staff mileage because those costs where encumbered in the consultant expenses Line 216 - initial submitted annualized budget did not project for program support needs related to implementation Line 410 - Due to supplemental work load related to management of in house personnel and billing there is a need for Agency and Program support that was not accounted for in the original annualized budgets

Decreases:
201 - Original proposed staffing model was for a full time consultant. Staffing model now consists of a full time municipal employee.

215 - Original annualized budget called for significant program supply support. Now in the midst of the 3rd year of implementation there is a much smaller need for supplies than initially budgeted in the first year of programing.
