The purpose of the PROGRAM /MODEL SUMMARY attachment is to provide an executive summary of each program model contained in the contract. **Limit descriptive narrative to this page only.**

Children’s Cove is a freestanding, child-friendly facility designed, staffed and equipped to provide comprehensive and coordinated multidisciplinary services to child abuse victims and their families. Children’s Cove is a department of Barnstable County and was established in 1997 as the result of efforts from the Task Force on Children and the need for a collaborative strategy from involved agencies on the Cape and the Islands. These services, specialized by discipline, are provided by member agencies which include Barnstable County, the Cape and Islands District Attorney’s Office, Cape Cod Healthcare, the Department of Children and Families, and the Department of Mental Health. The Center provides services for children, ages two through seventeen, who have disclosed they have been sexually abused, physically abused, witness to domestic violence, or a victim of child sexual exploitation and trafficking. In October 2008, Children’s Cove became a fully accredited agency of the National Children’s Alliance.

Children’s Cove provides a safe, centralized, and “homelike” facility staffed by abuse experts trained to deal with children who have been victimized. Services provided include forensic interviews, specialized on-site medical examinations and evidence collection, mental health referrals and consultations, victim advocacy, community training and outreach, case tracking and case review. Children’s Cove conducts, on average, 200 forensic interviews annually.

Agency staff includes a director, associate director/SAIN Coordinator, mental health coordinator, community education and outreach coordinator, family advocate, commercial sexual exploitation of children (CSEC) Coordinator, and support staff. Forensic interviews are conducted primarily by the SAIN Coordinator and the Director of Children’s Cove as a secondary source. Medical services are provided by a Pediatric Sexual Assault Nurse Examiner (PediSANE) through the MA Department of Public Health and Cape Cod Healthcare. Our pool of volunteers and interns through the year provide Children’s Cove with necessary administrative support. The multi-disciplinary team (MDT) model that Children’s Cove utilizes ensures that all partnering agencies are providing thorough and comprehensive services to our families. Children’s Cove has established a comprehensive model that assures all partner agencies bring forth a strong MDT when providing services to child victims and their families.
